

CARNA4[®] Dog Lamb

Recommended Daily Feeding Guide

Ideal daily feeding portions will vary for different dogs, depending on age, size, breed, environment and activity levels. Because Carna4[®] is so concentrated in high quality nutrients that are easily absorbed by your dog, you may need to feed 15% - 20% less per day than most other dry foods. The amounts shown below are guidelines only and you should carefully monitor your dog's weight, until an ideal balance is found.

8 fl. oz. Cups per Day

Weight (lbs)	Puppy Less than 6 mos.	Puppy 6 to 12 mos.	Adult	Active Adult	Less Active or Senior Dog
3	3/4	1/2	1/3	1/2	1/4
5	1	3/4	1/2	5/8	3/8
10	1 2/3	1 1/8	3/4	1	1/2
15	2 1/4	1 3/4	7/8	1 1/3	3/4
20	2 3/4	2 1/4	1 1/4	1 3/4	7/8
30	3 1/2	2 1/2	1 1/2	2 1/4	1 1/4
50	5	3 3/4	2	2 3/4	1 3/4
70	6	4 3/4	2 3/4	3 3/4	2 1/2
90	6 1/2	5 1/4	3 1/2	4 1/2	3

For large dogs, add 90 lb serving plus 1/4 cup of food per 10 lb of bodyweight over 90 lb. You may choose to add water to soften Carna4 Easy-Chew for puppies and older dogs with biting difficulties. Add 1/4 cup water to one cup of Carna4 and let stand for a minute to create softer nuggets.
